

## Z-Wave Protocol Implementation Conformance Statement

### Yubii Home

#### General Information

**Product Identifier:** YH-001  
**Brand Name:** FIBARO  
**Product Version:** HW: 1 FW: 7.14  
**Z-Wave Certification #:** ZC12-22060340

#### Product Features

**Color** White

#### Z-Wave Product Information

**Supports Z-Wave Beaming Technology?** Yes  
**Supports Z-Wave Network Security?** Yes  
**Supports Z-Wave AES-128 Security S0?** Yes  
**Supports Security S2?** Yes: S2 Access Control, S2 Authenticated, S2 Unauthenticated  
**SmartStart Compatible?** Yes

#### Z-Wave Technical Information

**Z-Wave Frequency:** Singapore, South Korea, Taiwan, Thailand, Macau  
**Z-Wave Product ID:** 0x1000  
**Z-Wave Product Type:** 0x0004  
**Z-Wave Hardware Platform:** EFR32Z  
**Z-Wave Development Kit Version:** 7.14.2  
**Z-Wave Library Type:** Bridge Controller  
**Z-Wave Device Type / Role Type:** Gateway / Central Static Controller

#### Association Group Information

**Group # / Max**    **Description**

##### Nodes

1 / 1                      "Lifeline" reports the device status and allows for assigning single device only (main controller by default).

## Supported Command Classes (24):

|                                 |  |
|---------------------------------|--|
| Application Status              | Association Group Information (AGI) V3             |
| Association V2                  | CRC-16 Encapsulation                               |
| Device Reset Locally            | Firmware Update Meta Data V5                       |
| Inclusion Controller            | Indicator V3                                       |
| Manufacturer Specific V2        | Multi Channel Association V3                       |
| Multi Command                   | Network Management Basic Node V2                   |
| Network Management Inclusion V3 | Network Management Installation and Maintenance V2 |
| Network Management Proxy V2     | Node Provisioning                                  |
| Powerlevel                      | Security 0   |
| Security 2                      | Supervision  |
| Time                            | Transport Service V2                               |
| Version V3                      | Z-Wave Plus Info V2                                |

## Controlled Command Classes (45):

|                               |  |
|-------------------------------|--|
| Application Status            | Association Group Information (AGI) V3 |
| Association V2                | Basic V2                               |
| Binary Sensor V2              | Binary Switch V2                       |
| Central Scene V3              | Clock                                  |
| Color Switch V3               | COMMAND_CLASS_BATTERY_V2               |
| COMMAND_CLASS_METER_V6        | COMMAND_CLASS_THERMOSTAT_FAN_MODE_V5   |
| Configuration V4              | CRC-16 Encapsulation                   |
| Device Reset Locally          | Door Lock V4                           |
| Firmware Update Meta Data V5  | Inclusion Controller                   |
| Indicator V3                  | Manufacturer Proprietary               |
| Manufacturer Specific V2      | Multi Channel Association V3           |
| Multi Channel V4              | Multilevel Sensor V11                  |
| Multilevel Switch V4          | No Operation                           |
| Notification V8               | Protection V2                          |
| Scene Activation              | Scene Controller Conf                  |
| Schedule V2                   | Security 0                             |
| Security 2                    | Sensor Alarm                           |
| Sound Switch                  | Thermostat Fan Mode V4                 |
| Thermostat Fan State V2       | Thermostat Mode V3                     |
| Thermostat Operating State V2 | Thermostat Setpoint V3                 |
| Transport Service V2          | User Code                              |
| Version V3                    | Wake Up V2                             |
| Z-Wave Plus Info V2           |  |
